

Please join us as we build the community garden area in our new park. We will provide the materials and tools needed to complete the project. We are thankful to the Maryland Department of Housing and Community Development and the Keep Maryland Beautiful program for providing funding for this project. Come and get to know your neighbors, help build your park, and relax and enjoy some food and drink with us when the work is done. We'll be working from noon on, but feel free to stop by and work for any amount of time.
