

The Month of March was very active, high winds and three irrigation leaks plagued the community.

Gustavo had a lot of pruning, trimming, raking, and blowing. In addition, fixing 3 irrigation leaks and spraying herbicide.

Finally, most of our owners are very conscientious when landscaping their personal yards, but a few lots have been dropping their yard trimmings in our community common areas. Please dispose of your yard landscaping trimmings in a proper way and not in our common areas.
