Need for Signs, Monitoring Lights and increased Policing

No Loitering, Prostitution, Solicitation, Pandering, ETC.

There is a dire need for a "School Youth and Community Safety and Safe Passage Corridor" on major streets with direct access to our elementary school.

Areas selected were based on the increased number openly visible scantily clad females standing and walking in the areas at certain times of the day. We believe that the pimps may also be close by. We do not want your children to feel unsafe, be targeted, recruited, kidnapped, or influenced by this activity. These observations of activity are part of a cross community collaboration between the four neighborhoods in North Long Beach that border these streets.
