Los Angeles County Sanitation

We Have Our Street Back!!!

**Thank you for your
patience during this
project!**

The equipment has been removed for
this project.

The street repairs will include
additional asphalt layers. The under
level of asphalt to top layer has been
completed.

The final layer will take about 6
months to grind and put in the paving
cap layer.

The Artesia Intersection is estimated
to take about 1 month. The "Odor
Scrubber" that helps with smell will
remain in place until the project has
been closed.

Prostitution and Human Trafficking

enforcement's ability to identify victims
of human trafficking – even if the victims
are minors,"
