

"Sticky Notes" Index

2016-date

Last updated: 2023 Nov

[GECO](#) "Sticky Notes" is the continuing effort of the Rural Training Center-Thailand Emergency Communications (RTC-TH EmComm). GECO is the official custodian of all previously published RTC-TH EmComm materials which can be found on the following websites re-branded as Applied Geography for Sustainable Living ([AppGeog](#)) which has full custodianship of all formerly published RTC-TH materials and lessons. For sake of continuity, the Neighborhoodlink.com web organization has maintained the RTC-TH URLs ([site 1](#), [site 2](#)) while the home pages reflect the AppGeog re-branding.

2016				
2016 Nov, Vol. 1, No. 1				
Welcome to Sticky Notes	1	GECO Connectivity	2	
GECO Grows Up	1	EchoLink node 717585 KM6EON-R	3	
2016 Dec, Vol. 1, No. 2				
Holiday Greetings	1	MEWS/GECO Materials Requested from Kerala, India	3	
GECO Weather Station is Launched	2			
GECO WX on Weather Underground	2		4	
MEWS & GECO Go to Sarawak, Malaysia	3	Dec Station Upgrades	4	
2017
