

HIGHLINE MEADOWS IGNORES BASIC CLEANING RESPONSIBILITIES 12/22/2023

Dear HOA,

This email documents that you have not responded to the request to Machine steam clean Building 130 even though you have set aside \$5000 for cleaning the Condo Building carpets.

This is Year 3 without any cleaning of Carpet and it is Disgusting.

This is certainly a health issue since the carpet now has many embedded components such as Dirt, Piss, stains, dog crap and blood in them.

You are ignoring the health and safety of Building 130 and all the other buildings by not performing your responsibilities

You have let down this community!
