I have copied and pasted my e-mail response to your phone message sent to me October 8, 2014. It is shown below. I repeat that I did not have a voice message with the Dec. 22, 2014 phone call as I would have responded. How does the President have the authority to make all decisions related to the Board? Perhaps you should read the job description of the President in our bylaws. The president is not the "be all" of the Association. Also the secretary is in charge of correspondence according to the bylaw description. Your repeated unfounded messages are getting troublesome as well as worrisome. Read my previous e-mail response to your October 8th, 2014 below; your accusations are unfounded.

### E-MAIL RESPONSE SENT TO DAVON OCTOBER 9, 2014

Received your phone message last evening and because my Attorney advises me to not talk with you one on one, I am not returning your call. My Attorney also advised me not to converse with you unless in a group situation or in a written message. So you may find another way to communicate if you chose to do so.

Kathy,

I attempted to reach you by telephone on October 8, 2014 and December 22, 2014 to explain your role as it relates to the Legacy Cove Condominium Association Board, and to brief you on additional HOA matters. Voice messages were left on both occasions, but I have yet to receive a call back from you. This email serves to confirm your position as a non-officer on the Legacy Cove Condominium Association Board.
