To: Davon Ebert

Laura from the office said she had a visit from Laura & Loren and they told her that they & neighbors were attending the next board meeting. they also wanted a copy of finances. I made copies and after several attempts by Roger and myself to deliver them, Laura came by my condo today and picked them up. R&S suggested we have our board meeting at R&S in case too many people attended. Sounded like a good idea. What do you think? You let us all know. by the way, I also delivered financial papers to Deb Eide when she requested them.
