Since we are not there in the winter I cannot comment on the snow removal so I defer to Steve's judgement on that. Price wise Bladerunners is the best deal.

Several questions arise on the rest:

Would Bladerunners agree to having someone else do the spraying? then some of his other prices may change.

Also would we commit to one year or two year contract with Bladerunners?

Couldn't we skip one application of fertilizer?

Will Steve direct them when & what to prune? so far they have only trimmed the three 8 plexus up front and the entrance landscaping which I assume is the fall pruning of \$110.

Comment: I do like that Steve would work with Turf & landscape. If we need to move on that one let's just do it.

Perhaps the Board should meet before Nancy & I get home and vote on this; it is important.
