I wonder how Missy would solve these problems. We don't continually raise their rates; just once. Nancy, do you have the Landlord's name so they can be contacted? I wonder if we have enough info to "fine" these people. Cars can be parked for 24 hrs in our rules (I think) but how can we police those hours. Maybe Missy would like to volunteer. Also maybe we should hold off on the receptacles since many do not smoke and they will be an added cost to us. And it may not solve the issue since we can't police them to use it. I thought 2623 was a problem but it turns out that 2625 is a bigger problem. sorry, Davon!

You did well, Cindy, with your answer. Also remind them along with being volunteers, we are fellow residents.

Subject: Fwd: Re: Legacy Cove

I gave her my cell and told her the board was volunteer and we would appreciate her assistance with compliance issues.
