Graffiti:

Prevention

Graffiti cannot always be prevented, but property owners and residents can reduce the incidence of graffiti on building exteriors and walls by having good lighting and uncomfortable vegetation in place.

Work with your neighbors, your neighborhood association or home owners' association to be the eyes and ears for your community.

Enforcement

If you see someone in the act of "tagging," call 911. If the graffiti is already in place, call 792-CITY (792-2489) to report it. Graffiti left in place tends to attract more graffiti.

Removal

The City of Tucson has contracted with GPC, Graffiti Protective Coatings, to remove the graffiti citywide. Call 792-CITY (792-2489).
