Welcome to the Jungle!

A friend of mine stopped by recently and commented, "Boy, your neighborhood is going downhill." I was a little shocked, but I had to admit that he had a point. Every neighborhood has a few homes that look unkempt, but when I took a walk through our neighborhood later that evening, it was obvious that we had moved beyond a few. Brown and yellowed lawns, masses of weeds, clutter scattered about. It was looking pretty shabby.

One of the things that initially attracted my wife and I to this neighborhood is that the residents were interested in maintaining the "curb appeal". I believe it is reasonable to expect that we apply some weed & feed, turn on the sprinklers, and mow every week. After all, with the size of our lawns, this could hardly be called a difficult task.

So, take a look at your lawn this week. If it looks like it needs a little work, give it some TLC. :) ~ Andrew Hackman

Our Clubhouse belongs to the community!

However, its *contents* are not to be removed from the premises. Weights, chairs, tables, vacuum cleaners, etc. are not to be taken from the building. Thank you for your cooperation!

Ready for your Home Makeover?

Great! Our community loves those exterior upgrades! Please, Please, Please, however, make sure you have looked through the CC & Rs to clarify that your exterior upgrade falls within the community guidelines. If you are at all doubtful, double check with the HOA board. In any case, all exterior changes need to be approved. We are sure YOUR taste is impeccable, but you never know when a neighbor might realize that a flamingo pink garage door is just the look your street needs.

Some Parking Changes

Parking is always going to be an issue here at Oquirrh Park. Our streets are just sooo narrow. Each HOA board has struggled with trying to balance safety, courtesy, and practicality.

Overnight parking, 1am to 5 am, is not allowed in Oquirrh Park. However, we recognize that there must be allowances for that as well. If you have a special need (moving, guests, construction, etc.), please contact one of our board members to get an overnight pass to place on your rearview mirror. Without this pass you may find your car booted the next morning (previously, cars were being towed). Boot removal is \$90. For boot removal, please call Snow Mountain Research and Recovery at 685-8300.

Exercise Etiquette

Please contribute to the usefulness, safety, and pleasantness of our workout room.

- Children under 16 are not allowed on the equipment. This is both for their safety and as a courtesy to others.
- Water should be the only drinks in the workout area. We have several red juice stains at present. Carpet cleaning costs money (and we all pay).
- No food. The scattered crushed cheerios are both an eyesore and a pest invitation.
