Miller's Ridge Marque Rockwork Completed

New Board worked with Bexar County to cover cost of replacing and reinforcement of rock planters.

Miller's Ridge Marque nears completion. The new MRNA Board worked with Aaron Martinez with Bexar County to cover the costs to replace and reinforce the rockwork around the planter that the county had us cut back. In the January General meeting the MRNA voted to reconnect the electricity and put lights back on it. It is really starting to shape up. A special "thanks" to everyone who has put time, money and energy into this project.

President's Corner

There is so much planned for 2008, so much to do that I am looking forward to Spring so that we can get on with all our events. I want to thank the board and all the chairmen that have stepped up and are doing a wonderful job, putting new ideas to work.

Over the next three months we will be having our Spring Yard Sale, Spring Dump Your Junk, Fix Up Your Fence Weekends and our Second Annual Auction and Bar-B-Q. So come on out to the March General Meeting to support your MRNA, sign up to help out and pay your dues if you haven't already paid them for the 2008 year.

This is truly a year for Revival and Renewal for Miller's Ridge as we work hard making improvements for the value of our homes we might note that we also have many new businesses, Medical offices and a Community Collage going in around us that adds to the value of our investments.

Again, I am here to serve and help improve our neighborhood.

CELLULAR ON PATROL

I have requested to purchase the new COP signs to post
here in Miller's Ridge but have not received a reply from
Officer Lopez. We have several members that have been
Patrolling mornings, afternoons and at different hours of
the night. We do report anything that looks suspicious as
we are the "Eyes and Ears" of the neighborhood.

I was very disappointed to have to file a report with
The Bexar County Sheriff's Department for vandalism to
the MR Marque. The Officer stated that it looked like the
works of Juveniles in the area. If anyone sees someone
with the intent to paint or disfigure the MR Marque or other
property, please report to the Bexar County Sheriff's
Department. This is criminal activity and will be reported for
investigation and prosecution.

Special "Thanks" to all that are patrolling and making our
neighborhood a safer place to live.

Barry Hunt
COP Team Leader

Bexar County does have a curfew of 11:00 pm
for anyone 17 and under out without adult
supervision.

Special Notice:

Miller's Ridge subdivision is now in the E.T.J. of San
Antonio, Texas. This means that someday we will be
incorporated into the city of San Antonio. This also means
that San Antonio co-compliance does dictate to the residents
of Miller's Ridge. Some homeowners have received letters
stating that they have to remove parked cars, boats,
campers, trailers to other areas or face a fine. The owners
have to comply or they will be fined.

Trash cans, Bar-B-Q grills, things of this nature should be
kept behind your fence and out of public view. Your
neighbors don't enjoy looking at your stuff, then they call
co-compliance and they send out letters for removal. They
also send out letters for high grass that needs mowing as it
becomes a haven for snakes and rodents.

If you have a car that has an expired sticker or plate, or
can't be driven and moved, it will be tagged for tow away,
if not moved, that is the law.
