January 2008- Bulletin

SHARON MEADOWS RESIDENTS

How can 2008 be a better year?

The 2007 year has come to an end and we have seen difficult times in our own families, in our neighborhood, cities and state. As we celebrated the holidays it was a time to spend with family, friends and loved one's. It also allows us to reflect on the year that was and the year that has arrived. Like many of you we have alot to be grateful for; our health, our loved one's, job, our home and our communities being safe. Not everyone is as fortunate, probably like many of you, our office adopted-a-family for the holidays and we pony up to get kids less fortunate toys, clothes and all the items that bring joy to the holiday season for many.

Being in the computer field, I usually contribute by getting a computer, printer and accessories for the family since they usually do not have one. The joy that comes from knowing that you can effect change in a child's life, not to mention the parents life, by giving a tool that can enhance their employment opportunity, education or overall perspective on the world when exposed to positive internet experience, is a great feeling. This past holiday season was no different, the happiness was overwhelming and a reminder of how much satisfaction comes in bringing joy to others. So, no matter how hard we think things might be or how few gifts we might receive, try adopting-a-family. Whether it be through your Job, Church, Synagogue, Mosque, Professional Organization or community group, you might be surprised how much more satisfying the holiday season can be in thinking of others less fortunate.

HAPPY New Year to All!!!!

SNOW REMOVAL REMINDER

The snow removal contractor has asked us to remind ALL residents to have vehicles off the street when expected snow is in the forecast.
