

HIGHLINE FELLOWS MISSION STATEMENT

We Want to Save Cost to the Highline Meadows Community

We want to elect people who believe that reducing cost and fixing the current issues can be accomplished by a little "Elbow Grease" and community involvement.

We want another Board of Directors.

We Want an Official Election to replace the current board. We are looking for New Board Members.

We all just want common sense changes made that don't include excessive spending by the board. We want the people to know where the money is going and why.

If there is a excellent chance of saving the community some money we want to achieve it.
