2009 Wilder Park Neighborhood Association Board of Directors and Officers

There was change in our federal government as well as our grass roots local government.

In November the W.P.N.A voted to eliminate the 'Chairman' position, changing the Bylaws to have the President as the lead position to preside and direct all over meetings and business. This is to be in alignment with other area association officer rankings.

And now, here is your 2009 Board of Directors and Officers:

Officers:

Gary Jany President/
Newsletter Editor

Be a Member, not a Numbersm

Over the years we've seen our fair share of first homes bought, weddings celebrated, dream cars purchased, and much more. And through it all we have never forgotten that our members are more than just accounts; they're our neighbors, they're our friends. Wouldn't you rather be a member and not a number?
