- If anyone would like to nominate a yard please email your nomination to
greenshire@sbcglobal.net

Yard of the Month Chairman
Dan Mullinix

2917 Greenshire Drive—Yard of the Month

A beautiful and professional looking landscape harmonizing colored mulch with the brightly colored shrubbery. Every detail looks planned and well maintained. Nice touches with red iron chairs in planting bed and large pottery vases at front door. This yard scored high on the three grading criteria of lawn, color and creativity.

1509 Red Oak Cove

Well manicured lawn and nice flowers along entry path to home. Very neat appearance and well maintained lawn. Very nice lawn and shrubs.

1505 Red Cedar Cove

A low rock sculpture in the yard is both very natural looking and magnificent. The lawn is well maintained. If this yard had more color, which is one of the grading criteria, it may have placed higher. Nice job!
