Lake Worth Community Garden – I am representing ROLOH as a community in an effort to form a city wide team to form a community garden project. The concepts of community gardens are wide spread in European cities and larger cities in the U.S. Commissioner Suzanne Mulvehill came back from a conference in Europe with a lot of information regarding community gardens that really excited a lot of people at her town hall meeting. The steering committee has been formed and our first meetings are happening in the week of July 13-19th to get the project off the ground. The purpose will be to build a model garden some where in the city and use it as an educational tool to encourage neighborhoods to do the same, including individual gardens in your very own yard. For updates please visit <http://lwcommunitygarden.blogspot.com/>

E-mail List – Do you want to receive ROLOH information via Email? This is a great way to keep up on what is happening in our area and you can join the email list by simply sending your email address to robertwaplesii@yahoo.com and say SIGN ME UP for ROLOH Email, please state your neighborhood home address and remember your email and information is kept confidential.

From PBSO District 14

PBSO District 14 sponsored a crime prevention expo last May. Joel Morgenstern organized quite a number of vendors from landscapers to locksmiths and alarm companies. Unfortunately the turn out was very poor so it probably will not be held again next year. It is a shame that everyone is so concerned about crime yet very few people came out to the expo to learn what they can do to help keep their homes safe. I will be sending out a few emails regarding some interesting prevention items that I learned about through out the summer months.

PBSO also has informed us that there have been several arrests in our neighborhood, one of which was related to five or more homes by one burglar. The person that was arrested confessed to the burglaries and helped PBSO identify the homes he "hit". PBSO wants to make sure that we are aware there are still burglaries happening throughout the city and increasing so do not let you guard down. Keep your cars, doors and windows locked for safety.

CRIME PREVENTION WALK

We have another crime prevention walk coming up and will be covering Snowden, Ramsey, Moor and Lake Osborne Drive area. Please meet at the south end of Snowden at Lake Osborne Drive.

Next Crime Prevention walk will be:

THURSDAY – JULY 23rd @ 6:30 PM

BLOCK CAPTAINS NEEDED!!!!
