ANNUAL MEETING The Annual Meeting was held Monday, February 2, 2009 in the Community Room at the Fire Station 3 at 1000 Pace at 7 PM. The 2009 MTHA Board is:

Ed Velie, President	303-684-2911
Joan Bristol, Vice President	303-678-7711
Dean Barta, Treasurer	303-570-4545
Melinda Yale, Secretary	303-684-6355
Ted Farwell	303-834-8481
Julianne Luther	303-651-1153
Karlin Morris	303-678-7614

MTHA REGULAR MEETING DATES

The dates set for the Regular Board Meetings are Tuesday, April 7th, Tuesday, July 14th and Tuesday, November 3rd.

SPRING-CLEAN-UP

Please join us the morning of Saturday, April 18th for Spring Clean-up. We meet on the commons around 9 or 9:30 to pick up trash, trim some of the shrubbery and do some minor pruning on the trees. In case of rain or snow the alternate date is Saturday, April 25th. It's a great way to meet your neighbors and we all have a good time sprucing the grounds up.

GARAGES: To prevent theft of bicycles and tools, etc. please keep your garage door closed. The Longmont Police Department said that with the coming of warmer weather people are leaving their garage doors open and there has been an increase in theft from garages. **LIGHTS ON:** Please check your outside garage lights to see that they are working and are coming on at night. As we don't have street lights it is helpful for those who like to walk if the area is lighted.

NEW MEADOWS SIGN At last, after coordinating placement around a water main through our first choice location and other challenges the brick columns are done, the fence panel installed and the sign is in place. After 28 years the area awaits a facelift that will include irrigation, rock, and planting as our contribution to the majority contribution received through our 2008 Neighborhood Improvement Grant.

SUMMER PICNIC While it is not known if the NGLA Activity Grant will be available from the city, it was decided to plan for a picnic on a Sunday in June and Dean Barta has agreed to be grill guy again. The members wanted to have it later in the day such as from 4-6 and if no grant money is available we'll all bring our own meat to be grilled, drag over our own tables and chairs and have a fun potluck.

THE PONDS AND WATERWAYS: All recreational use of the ponds and waterways is prohibited. Please do not disturb the wildlife! This means NO fishing, swimming, wading (including pets), and boating, rafting, rock throwing or climbing onto the rocks. **WARNING TO PARENTS:** the pond bottoms are soft clay (quick sand) and will not support the weight of a child or adult. All children must have adult supervision when using the commons. **A Parking Lot Reminder:** Dues must be current to use the parking lots.
