p resident's Notes

By Rich Taylor

Our Sunburst Editor, Jamie Gifford, has done an outstanding job in that role for several years. I extend my thanks, and that of the El Dorado Homes Association Board, for her fantastic service. Jamie has asked to be relieved as Sunburst Editor effective with the June 2011 issue.

WE NEED TO IDENTIFY JAMIE'S REPLACEMENT RIGHT AWAY!

It would be great for her successor to have time to "learn the ropes" by working with Jamie on the April, May and June issues. I am confident there are El Dorado residents with the experience, talent and willingness to assume this very important function. If you are one of those people, or if you know someone who might do it, please notify Jamie right away at 655-9594 or call me at 415-3814.

Thanks to all our neighbors who advised that they have been continuous El Dorado residents since moving into their new homes. Look for their names and move-in dates elsewhere in this issue.

The 2011 Homes Association membership drive is off to a great start this year. Thanks to all who have already sent in your dues. If you have not yet done so, your prompt action in support of your association will be greatly appreciated.

The much needed construction activity to widen and raise the level of Weidner Road at Leonhardt is underway. That intersection will soon be closed to all traffic for an extended time during construction. Make plans now for an alternate route once the area is closed.

The San Antonio Waste Management Division will no longer pick up leaves in plastic bags. If you already have leaves bagged in plastic in your yards those bags will not be picked up. Watch for notices of locations where you can get paper bags to use if you want Waste Management to pick up your leaves. Please arrange to get the appropriate bags soon and have the piles of leaves removed from your yards.

I, by chance, check my annual free credit report and learned that National Credit Solutions / Hollywood Video is reporting my account in collections. The company never sent any notice and I had no idea I had an outstanding balance. The company is no longer around so it's hard to fight.

I've learned there are many others that are having the same problem. I was lucky that I randomly checked. However there are still plenty of people that will not find out until they try and buy something.

This has become such a large problem it's been on the local news and many other news stations all over. Please pass on the information to our neighbors. Hopefully they will pass the word on to more people.

Someone created a facebook support group:

http://www.facebook.com/home.php?sk=group_123925887671385&id=140175606046413#!/home.php?sk=group_123925887671385&ap=1

There is talk of a class action law suit. I just hope this helps someone. I felt violated when I found out. I've worked hard to have perfect credit and some company tries to destroy my good name.

Sincerely,
Terie Mitchell

**Northern Hills Golf Course re-zoned using
the new "G" designation**

On Thursday, January 20, 2011, the city council voted to rezone the Northern Hills Golf Course from MF-33, a multi-family zoning, to the new Golf Zoning District. This new zoning district will preserve the existing golf course and green space.

This effort began in January 2008 after the Northern Hills Home Owners Association made their formal zoning request to the City Council. The District 10 office worked with city staff to create the new Golf Zoning District designation for all golf courses and open spaces. The vote was the completion of the rezoning process, which began with a city council resolution in October 2010.

"This was a great community lead effort to preserve the integrity and quality of life of the Northern Hills area which consists of 1,700 homes and over 4,000 residents", said Councilman Clamp. "We are happy that the council voted unanimously to rezone the golf course to prevent multi-family developments within their neighborhood. I would like to thank my colleagues, city staff and the community for their support of this effort."

Letter (Email) to the Editor:

The February article "My dog is an angel WITH HORNS" was written anonymously, but probably applicable to more than one would initially think. I sincerely hope that the readers who it applies to take note. My neighbor has a dog that is outside 99% of the time (was fortunately taken inside during the recent lengthy freezing temperatures). The only way I know it was taken inside during that bad weather stint was because there was a lapse in the barking. As indicated in the article, I am one who cannot enjoy being outside in my yard, because I have to take refuge indoors to try to block out the barking. My neighbor's dog has been a problem for a long time, but recently I noticed he has competition. I have started working from home part time and have learned there is a dog about a block away that can bark for hours on end and obviously loud enough to be heard by many. As I sit at my home office desk trying to concentrate or lead phone calls with peers, I can hear the hound's non-stop howling (with all windows closed and heater on) and it is very disturbing. I do not blame the dogs, it is the owners lack of training and consideration for both their dog and others that causes the problems for the neighborhood. I appreciate the article being published so attention can be brought to the situation.

- ◆ Minimum clear-height of 80", "keep all trees and shrubs on the premises well trimmed so they will not overhang the sidewalks or streets in such a manner as to interfere with free passage." **(Code of Ordinances, City of San Antonio, Chapter 29, Article 1, Sec. 29-10)**
- ◆ Maintain a smooth sidewalk rolling surface free "from any defects or hazards" such as large cracks, broken or uplifted sidewalk segments. **(Code of Ordinances, City of San Antonio, Chapter 29, Article 1, Sec. 29-11)**

2011 MEMBERSHIP DRIVE

Maintenance fees are the lifeblood of the El Dorado Homes Association. They are the main source of the revenue required to keep our neighborhood safe, attractive and vibrant. These fees pay for the many expenses that we have as a community, including, but not limited to the following:

- ◆ Keeping the lake mowed and trash-free
- ◆ Paying for insurance, utilities and taxes on the clubhouse, pool and common areas
- ◆ Sponsoring social events and gatherings where neighbors can build relationships
- ◆ Providing for upkeep of the common areas
- ◆ Creating a unique atmosphere that shows a sense of pride in our community!

We are fortunate to live in a neighborhood where the homes association is still active. Because of our residents and the work of the EDHA, we have a beautiful community, a unique paseo and a fantastic pool. We have an assortment of informational signage, which is kept current and relevant. The Social Committee plans events all year for residents' enjoyment, and the Cellular On Patrol program keeps plugging along in attempt to keep the neighborhood safe and crime-free.
