Happy Holidays from Heritage Valley Community Club

The current Heritage Valley Community Administration will be turning over the reins to new leaders at the end of 2010. This has been a very productive year for the current administration under the leadership of Doris Birch (President) and Claude Strickland (Vice President) who have worked tirelessly without compensation on your behalf to get neighbors involved and to streamline the organization. Please show your appreciation and give them a pat on the back the next time that you see them in the neighborhood because it is a thankless job. Under their leadership the Heritage Valley Club was able to accomplish several things this year such as:

1. Enacting the neighborhood watch program in the community.
2. Rallying block captains for every street in the community so that issues on each street are addressed.
3. Creating a communication line between the association and the local police department.
4. Creating and distributed quarterly newsletters in order to keep neighbors informed of happenings.
5. Organizing a neighborhood cleanup and cleaning up unsightly areas in the Heritage Valley community and surrounding streets.
6. Updating Community By-laws
7. Organizing stream bank committee to fight soil erosion on HVC
8. Increasing membership in HVC club
9. Being an Instrumental force in getting sidewalks completed on Fairburn Rd.

Look out for your fellow neighbor!!!
