

Announcement from Brentwood Homeowners Association, Inc.

With Independence Day right around the corner, we will all be celebrating the birth of our nation with family, friends, and fun. This year the Association would like to provide residents with a friendly reminder about fireworks. The only legal fireworks in the State of Maryland are ground based. All fireworks that shoot into the air are illegal. Homeowners that observe any individual shooting off illegal fireworks are urged to contact the Charles County Sheriff Department's non-emergency number at (301) 932-7777.

Additionally, Charles County has a noise ordinance that goes into effect at 10:00pm. We ask that all residents be mindful of this ordinance while they celebrate into the evening.

We hope you have a safe Independence Day weekend!
