## September 2011

Volume 29, Issue 9

*"Preserving the integrity of the Jefferson Area since 1982"*

### From the President...

**G**reetings Neighbors, my name is **Ted Guerra**. I am pleased to have been elected to serve as our neighborhood association president once again. I want to start by thanking **Elia Reyna**, who has served as president for the last 3 years. She has done an outstanding job with the help of the rest of the board.

I have been married to **Samantha** for 23 years and we have two beautiful daughters, **Allura Jude** and **Sienna Isabella**. They both attend the Young Women's Leadership Academy (YWLA).

We live on W. Mulberry Ave. and have enjoyed being a part of the Jefferson Community for many years.

I am looking forward to working closely with our neighbors, surrounding

neighborhood associations, the San Antonio Police Department, Code Enforcement and our elected officials to help make our neighborhood a safer and happier place to live.

I have invited SAISD Trustee **Ed Garza**, SAISD Associate Superintendent of Facilities **Kamal El Habr** and YWLA Principal **Delia McLerran** to our next meeting on Monday, September 12, 2011. Please join us on that evening to learn about the good things happening at the former Horace Mann Middle School and in our neighborhood.

If there are any concerns, questions or

comments, please don't hesitate to either email [tedsamguerra@aol.com](mailto:tedsamguerra@aol.com) or call me at 219-4696.

Looking forward to serving you.

*Ted*

### Here comes the GREEN CART

The Organics Recovery Program collects food scraps, food-soiled paper, and yard trimmings to be recycled into compost instead of going into the garbage.

Residents collect their food scraps and food soiled paper items in kitchen pails provided by the City and transfers them to their green organics cart for weekly collection.

Residents also place their yard trimmings in the green, organics cart.

The Organic Material Recovery Program is being implemented in support of the City's 10-Year

Recycling and Resource Recovery Plan goals, one of which is to increase the City's recycling rate to 60% by the year 2020.

Your green cart will be collected on the same day your brown cart is collected. Set out your green cart on the curb along with your brown cart. Please allow approximately 5 feet of space between your brown and green cart.

If you were selected to be part of the program's development phase, you received information about the new green cart in the mail and will receive your green cart by the end of September 2011.

If you received information and did not receive your cart before the end of September, please call 3-1-1.

The program may not start in the Jefferson area until later 2011 or early 2012.

### inside the loop

Demolition of the former orphanage structure on Woodlawn near Bandera Road is scheduled for October.

There are reports that Wal Mart will be building a shopping area at that intersection and will need the acreage where the former orphanage stands.

The report also states that the University Park Post Office will be relocating because of the planned re-development of the property.

More information is expected to be released in the coming weeks.

## Re-Tail Rummage Sale Coming

Animal Care Services is gearing up for the shelter's annual Project Re-Tail rummage sale Saturday, September 17.

The shelter is in need of donations of gently used pet items. Project Re-Tail will feature new-to-you supplies, decor and gear at "dog gone" good prices to benefit ACS' four-legged residents.

All donations can be brought to Animal Care Services at 4710 State Highway 151, Monday through Friday 11a.m. to 7 p.m. and Saturdays 11a.m. to 5 p.m. All donations to Project Re-Tail and ACS are tax deductible under Section 170 of the Internal Revenue Code.

## Window Restoration Workshop - September 16th & 17th

A Window Restoration Workshop on September 16th and 17th, presented by the City's Office of Historic Preservation and the UTSA College of Architecture, is designed to teach the basics of wood window care and repair.

Windows are character-defining features of historic buildings that can last for decades if properly maintained.

Homeowners can register for a one-day course, and contractors and students can register for a two-day course and certification in wood window restoration.

The window workshop will be held at the historic Acosta/Halff House in HemisFair Park.

Participants will rehabilitate the existing windows of the building and gain valuable knowledge about wood window restoration.

The workshop is a hands-on opportunity to learn simple do-it-yourself techniques and proper window maintenance.

This event lasts from

9AM-4PM.

There is a registration fee involved. More information can be obtained on the web at: <http://www.sanantonio.gov/historic/events.aspx>.

## Texas Night Out Plans Underway

Yes, the calendar says "HOT", but the Texas Night Out plans are progressing.

The annual event will be held Tuesday, October 4 starting at 6PM.

We'll be teaming up with the Monticello Park Neighborhood Association at the Gazebo on Kampmann near Jefferson High School.

More details coming.

A speedy recovery wish for JNA member **Sam Ramirez**. He is recuperating at home.

## TAKE NOTE!!!

SAFFE officer **Joey Vidal** handed out a home inventory sheet to help you keep track of your valuables in case of theft.

Please take a moment in your busy schedule to fill out the form. This will help you stay organized in case of a burglary at your home.
