

Darlington South Homeowners Association Newsletter

March 1, 2012

Greetings fellow DSHA neighbors! The New Year is well on its way and the new board has been busy creating plans to make our neighborhood an even greater place to call home!

Making Our Neighborhood Safer

The Board is currently in negotiations with a new security service to start patrolling our streets in the very near future. This will provide a significant deterrent to potential criminal activity in the neighborhood.

Neighborhood Watch Programs have also been proven to lower crime in neighborhoods and is something we would like to institute in Darlington South. More information will follow regarding the development of this program and how you can participate.

Snow Plowing/Removal

While it looks like we may have dodged the bullet this year, keeping our neighborhood roads navigable during the winter months is another service we would like to provide for the residents of DSHA. The Board is in the process of securing a company to provide snow plowing services for next winter.

Better Communication

Coming soon to a computer near you! A DSHA website is being created to better communicate issues, events and neighborhood news to our residents. You will also be able to voice your concerns, questions, and suggestions via the website.

DSHA will soon have a FaceBook page!

The DSHA newsletter will still be published and distributed bimonthly.

The new DSHA Directory will be available in July.

Please Welcome Our New Neighbors
