TENANT PRESCREENING

About half of all of the HarborWalk units are rented. If you rent your unit, to protect yourself and to keep HarborWalk the wonderful place it is, prescreening your potential renters is a good idea

It is not uncommon to run a credit and background check on potential renters and not unreasonable to charge them the cost of that check (within legal limits). There are a variety of websites that will perform the credit and background checks. You will need some personal information as well as their signed authorization to run a credit check.

These reports will give you a good idea of the prospective tenant's credit worthiness, legal history, and generally the type of individual you are trusting your unit to. Just point your favorite web search engine to "tenant screening". Of course, if you prefer, you can use a local Real Estate agent or Rental agency.

EMERGENCIES

Does the HarborWalk office know how to contact you in case of an emergency? Do you know how to contact the office?

Please provide the HarborWalk office emergency contact information and a key to your unit in case of an emergency.
