Dearest Ladies of The White Lake Hills Woman's Club:

This club was founded in 1995 when Pat Goolsby and the late Hazel Jay had an idea. They both said that they did not know many people in White Lake Hills. Pat and Hazel set up a booth at the annual fall picnic. They wanted to see if there was an interest in having a woman's group. On November 17, 1996, 36 women met at Pat Goolsby's home to form the beginning of our club. Ladies volunteered to take offices and help organize the club. Since that time, we have faithfully met on a monthly basis for 17 years. We have had some wonderful workers that have kept our club working. At one point, we had over 60 members in our club.

We have had a wonderful Woman's Club. We have met for 17 years and made some lasting friendships. We have made an impact on our neighborhood community and made civic contributions. We have now reached a point that makes it impossible for the club to continue. We have 10 members who attend meetings. We have officers that are doing two jobs. We are not getting any new members.

Effective, January 2013, we will no longer meet as a formal club. We do want to see each other but on a more informal basis. We have ladies that will have members in their homes. We can go to lunch or dinner.
