President's Message

It is spring again. The neighborhood is turning green and the flowers are starting to bloom. It is time to cruise the neighborhood looking at the nice landscapes, but with that also comes the labor of cutting grass and the allergies that come with it. It is time for Spring cleaning, yard sales, Easter egg hunts and the Spring neighborhood association meeting. It is already that time again, and I better learn Robert's Rules of Order in the next few days. This is my first President's message and I would like to thank Bill Hanna for making sure the neighborhood association was in good shape before he turned it over to me. I also would like to thank Damon for his dedication with the newsletter and website for the many years. It is my turn to try to keep the wheels moving and I am going to need help along the way. Thanks to Nextdoor.com, I will be able to post when things get rough and I need help. Also feel free to contact me with your ideas and questions.

Get the White Lake Hills Sticker

Stickers will be available at the neighborhood association meeting. Put one on your car and let everyone know you belong in the neighborhood.

White Lake Hills Wildlife

The neighborhood is alive with animals and residents taking in the sights

I stole these pictures off of <https://whitelakehills.nextdoor.com>. These pictures were posted by Tommy Farquhar and Jess Spray. I enjoy seeing all the photos of what White Lake Hills has to offer on Nextdoor. Thanks to those that share their wonderful photos with all of us. I just picked a few of the many great photos to show here. The neighborhood is full of wildlife with the reports of bobcats, coyotes, turtles, turkeys, wood ducks, raccoons, opossums, rabbits and skunks.

Post Your Wildlife Shots on Nextdoor

Cowtown Great American Cleanup

A group of White Lake Hills neighbors came together to pick up trash in the neighborhood.

Thanks to all the neighbors who came out and cleaned up the neighborhood. There was plenty to pick up as one team cleaned the park while another team focused on Bridge Street. We had a pickup full of trash to take to the dump. Thanks to Bill Hanna for picking up the supplies from the city, including the orange shirts you can see in the picture. The cleanup started early at 8am and ended with a party in downtown Fort Worth.

17 garbage bags, 2 ½ tires, and an opossum skull were collected and taken to the dump.

Meeting Minutes from the Last Meeting

The minutes were not available at the time of this newsletter. They will be posted later.

A Lighter Neighborhood

Our VP Adam Noggle saw the need for a brighter neighborhood at night. He found the spots in the most need of more lights. The information was passed on to Charles Edmonds who went to city hall and got the job done. The lights were installed at:

- 401 Green River Tr.
- 135 Willow Ridge
- 305 Willow Ridge
- 713 Candlewood

COPS Directory

Email Mike Brooks with your contact number at:

jamesmichael.2@netzero.com

The COPS Patrol directory is very out of date. They patrol the neighborhood multiple times every day. They look for things out of place, like a garage door open and suspicious vehicles, etc. What COPS needs is an updated directory, so when something is out of place around your house they can call you. If you accidentally leave your garage door open, they can call you. Only COPS members will have access to the directory and each COPS member has gone through a background check with the Fort Worth Police. Please email Mike Brooks with your phone number. Mike Brooks is currently serving White Lake Hills leading up the COPS program and keeping the neighborhood safe.

Crime Report

1100 block of Blue Lake Drive
(townhomes)

Theft of motor vehicle parts / accessories
Occurred Weds 4/02/14

1000 block of Willow Ridge Road
(apartments)
