## Need to Report a Green Pool?

*By Linda Murphy*

This information is now on our website.

You go to <http://www.maricopa.gov/EnvSvc/Complaints/Forms/ComplaintForm.aspx>, and that opens a form that was a little confusing for me. Under Business Information you put the home address and for the Violation Information you put Green Pool. You don't have to put your name on the complaint.

Another option is to email the complaint to: [webmail@mail.maricopa.gov](mailto:webmail@mail.maricopa.gov). This one may be a bit easier and it is also on the website. It is really important as the weather gets warmer not to have mosquitoes breeding in these waters.

## Property Maintenance Tips

Mother Nature will be turning up the heat on us very soon, so now is a great time to take

care of basic property maintenance.

- Remove all weeds and dried up vegetation. Property owners are responsible for maintaining their properties including the adjacent right-of-way (sidewalk, street, alley).
- Trim up any trees that hang over the sidewalk or street. Trees hanging over a sidewalk should allow a minimum of 8 feet, while trees hanging over a street should allow a minimum of 14 feet for safe passage.
- If you have a tree which sheds leaves or other droppings onto your neighbor's yard, get to know your neighbors and make sure that it is not causing a nuisance. Offer assistance to help dispose of the leaves or maintain the tree to prevent any unnecessary hardships.
- Move outside storage items into an enclosed building or screened area.
- Look around your yard and remove any items that may collect standing water to avoid breeding mosquitoes and other insects.

Visit the [Code Compliance](#) web site to learn about these and other common nuisances and property maintenance issues.

You can also email Nina Williams at [nlwiliams41@outlook.com](mailto:nlwiliams41@outlook.com) who is our Marlborough Mesa Liaison to the city.

## Downtown Mesa Things To Do: *If you knew it, you'd do it!*

If you haven't been in downtown recently come and see all that's going on.

[Mesa Up @ Nite](#): Downtown Mesa businesses extend their hours on various dates and host local artists.

### E.Central - Secure Email Provider

*Did you know that email providers like Gmail and Yahoo read the messages you send and receive through them?*

Gmail, Yahoo, and other free email companies sell targeted ad placement to advertisers based on your private email conversations! It's not a coincidence that when you're planning a vacation you suddenly begin seeing advertising for airlines, hotels and car rental.

It's a business transaction; they provide you an email service, you give them your private data.

**Neighborhood Link** has provided us here in Marlborough Mesa with a private, secure email service - with real people you can call if you have problems since 1998!

## Discussion on Website

Please check this discussion on our website, as this food left may be contaminated. It is a very strange situation and if we take our children or pets there, we should be aware. Thanks to the neighbor who posted it.
