NEIGHBORHOOD NEWS

**"Dedicated to the Sharing of News and Information Concerning our
Neighborhood, Schools and Community"**

NEIGHBORHOOD APPRECIATION DAY ON OCTOBER 4th WAS A GREAT SUCCESS....

Thanks to you, we had well over 350 people in attendance at one point in the day! We had some great volunteers which included Bill J. who hosted the event and

did a fantastic job of entertaining us, board members, Dan, Vicki, Guy, Gloria, Alyssa, Hank, PR, Larry, Nick, Sonja, Kassy and **many neighbors** for their contributions of time and effort. A BIG, BIG thank you goes out to Moon Valley High School. We had around 76 MV Student Council, Key Club, Rescue Rockets, National Honor Society students and a few Cholla Middle School volunteers who helped with setting up, cooking, making signs, running the games, and cleaning up. Thank you Principal Nathan Kleve.....We could not have done this event if it were not for MVHS's participation! The MV Culinary Dept baked 240 cupcakes with the help of some neighbors' ingredient donations, in addition to many thoughtful neighbors who also baked items for the cake walk.

Thanks to all our wonderful sponsors, groups and companies for their fabulous contributions to our raffles and prizes which include, multiple big ticket donations from Singh Smilecare and Liberty Tax at 35th & Peoria, Greenway Mini Storage, Arizona School of Massage Therapy, Gourmet Cakes & More, Garcia's Mexican Restaurant, Chick-Fil-A at Metro, Vicki Allen, West USA Realty, Dairy Queen at 28th Dr., Castles and Coasters, Culvers at Metro, Laser Quest, Hungry Howie's, Sardellas, Cathy with Scentsy, Ryan Hays with Farmers Insurance, UPS at Metro, Cactus Park West Neighborhood Association and Cactus Park Community Alliance, (CPCA).

(I hope I didn't forget anyone)....

Your neighbors also brought 130 cans of food and \$50.00 which were donated to St. Mary's Food Bank. - Great job!

DID YOU KNOW we went through 800 brats and hot dogs, 500 bags of chips and over 850 drinks, courtesy of Cactus Park West. Thanks to Gloria for precooking those brats in beer, because they were sure tasty!

If you were curious about the guessing games, there was 375 pieces of hardware, 669 pennies and 294 pieces of macaroni in the jar. Everyone had a lot of fun playing the games, jumping on the bouncy houses, running the three legged race, playing ping pong toss, bottle tip it, football toss, Hexapong and Foosball, walking the cake walk and participating in the pie eating contest.. We had over 31 raffle prizes with the Grand Prize winner getting a \$100 Visa gift card.

Not Waiting a Moment

Posted on 2014/10/03

Anne Frank once said, "How wonderful it is that nobody need wait a single moment before beginning to improve the world." Volunteerism is not only encouraged on our campus, but orchestrated. Faculty and staff members join together to find ways in which to serve our community. Well the numbers are in! Volunteer hours for the last school year, 2013-2014, have been tallied. The Rockets gave 17,510 hours back to our community. That's about 730 days or two years' worth of hours.

The betterment of our community is achieved, while also instilling in our students who volunteer, a sense of awareness and concern about others. Another benefit to volunteerism is the advantage it creates for higher education. When competing for enrollment at highly sought after institutions or perhaps for scholarships and grants, volunteerism adds another rung in their ladder of success. After last year's achievement, we anticipate wonderful things from our teens and great things in our community for the ongoing school year.

More uses for Baking Soda

10. Treat swine flu? Baking soda has a history to treat flu symptoms. In 1924 Arm & Hammer produced a booklet that claimed its product would minimize flu symptoms. The booklet said that "rarely any one who had been thoroughly alkalized with bicarbonate of soda contracted the disease." There are people who ingest baking soda in small amounts to keep blood alkaline levels in check.*

Baking Soda and Baking Powder

Wondering what's the difference between baking soda and baking powder?

You'll want to pay careful attention when baking because there is a difference as to when to use baking soda or baking powder; however, let's start with what's the same. They are both leavening agents! So what makes them different?

Baking soda (great for cookies) has only "Bicarbonate Of Soda," which is a leavening agent. When baking soda mixes with acidic ingredients like honey or buttermilk, the chemical reaction is carbon dioxide. The micro bubbles expand under heat, which causes cookies to rise. When you use baking soda, bake immediately after mixing the ingredients because the reaction happens immediately.

Baking Powder (ideal for biscuits and cakes) has "Sodium Bicarbonate" mixed with other ingredients, such as corn starch (a drying agent) or cream of tartar (an acidifying agent) among other ingredients. Baking powder releases carbon dioxide when exposed to moisture and heat, causing dough and batters to rise making them ideal for biscuits and cakes. In fact, during the Great Depression, women often replaced eggs with baking powder to make their "Depression cakes."
