## President's Message

As part of the Coalition to Stop Joe V's Smart Shop, I have been appalled and saddened by the comments I have received from some individuals. It boggles my mind that so many people are willing to accept second-class or second best. As minorities, we have been given second class or third class amenities in our communities for decades. Yet some of you still believe that you are second-class citizens not deserving of first class stores, neighborhoods, schools, etc.

I have heard, "What's wrong with a Joe V's Smart Shop?" What's wrong with it is that H-E-B has decided that we do not deserve an

H-E-B grocery store with its 35,000 -40,000 products but a Joe V's with 8,000-10,000 products. Are we different than other neighborhoods?

Evidently, we don't deserve an H-E-B made of brick and with different architectural designs but a Joe V's made of sheet metal and designed like a barn or a feed store.

Please ponder this issue and remember our not too distant past of sitting at the back of the bus, separate but equal, substandard housing, etc. If we do not remember the past, we are doomed to repeat it.
