President's Message

It's the election season, and campaigns are in high gear. There are mayoral, City Council, Controller, and school board candidates.

In order to educate yourself on the candidates, go to forums, ask questions. Do not be swayed by emotional language. Look for the facts.

Once candidates are elected, hold them to their campaign promises. Do not vote for a person based on name recognition. Be an educated voter.

Do You Know Your Rights?

Getting Unwanted Text Messages?

Are you annoyed by unwanted text messages? There is a solution to this pesky problem.

It's illegal for a company to send you a text message if it does not have your permission. If you receive text messages from unrecognizable or unknown numbers that say that you have won something or ask for personal information, report it to your cell phone provider at

7726 (SPAM) and to the FTC at ftc.gov/complaints or call 1-888-382-1222.

Unwanted Telephone Calls?

There are some calls that are permitted under the Do Not Call law. They are political calls, charitable organization calls, informational calls, calls about debts you owe, phone surveys, and calls from companies you've done business with or given permission.

However, if you get unwanted sales calls or a robocall, hang up and report it to the Federal Trade Commission at complaints.donotcall.gov or call 1888-382-1222.

If you have not already signed up your cell phone or land line on the Do Not Call registry, it would be a good idea to do so. Go to donotcall.gov and register your telephone numbers.

This information was taken from ftc.gov.
