El Dorado

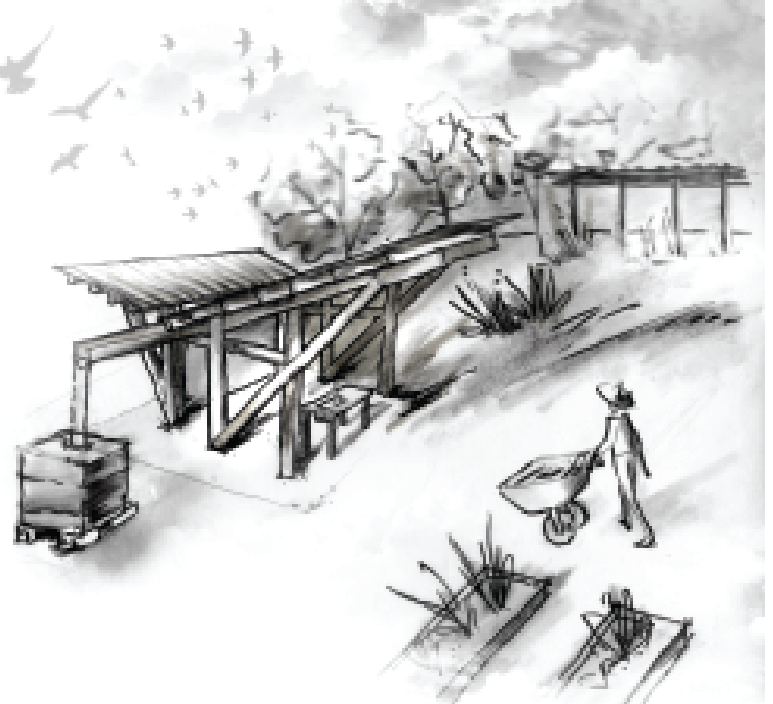

COMMUNITY GARDEN

The El Dorado community has teamed up with UTSA Architecture students and Green Spaces Alliance to bring to you your very own community garden at 12606 Prima Vista St. Currently, the Clubhouse has served as an event center for local families and will be extending a neighborly hand with an organic alternative to produce, an honest trade of labor, and a traditional unity of community. The intention of the garden is to cultivate multigenerational activity and multicultural appreciation through horticulture education.

Students and volunteers alike broke ground in February, in efforts to repurpose and revitalize the old tennis courts by removing the asphalt and clearing out obstructions. The next phase of development is the construction of essential gardening amenities.

Your local garden will include raised beds, fruit trees, compost bins, a pergola that will provide shade and community identity, and a harvest station with a built in water catchment system, tool storage, and sink with countertop space to aid in washing and trimming of personal produce or for public demonstration.

In partnership with Green Spaces Alliance, both pergola, and harvest station structures are designed and built by UTSA Professor, Darryl Ohlenbusch's, senior design studio. The designs are site specific, and tailored to the movement of labor, with inviting orientations creating a new scenic experience.

The harvest station will be the first structure to be completed this summer by the efforts of fundraising and donations. All progression is achieved through the advance of a unified vision, and the generosity of the kind and able.

If you would like to support your community garden, you may follow updates and make donations at indiegogo.com web page at El Dorado Structure (<https://igg.me/at/ElDoradoStructure/x>) or contact your garden representative, Zanel, at zarielylizmaria@gmail.com, or 210-425-5840.

Thank you for the strong arm partnership, and the successful ground breaking phase of the El Dorado Community garden. We look forward growing with you.

president's Notes

By Reinette King

Happy Spring, Neighbor!

We had another very productive work day in the El Dorado Community Garden Mar 5 when the UTSA architecture students, who are designing the harvest station/tool shed, again came out to work. A hearty thank you to James Patterson for providing a loader and his employee to run it to remove most of the mountain of asphalt! Thanks to all of you who through your diligent efforts helped move that mountain!! Thanks to Joe Williams, who picked up and delivered a couple loads of mulch from the city which the Boy Scouts then placed in the corner of the garden. The UTSA students power trimmed trees, took apart donated pallets which can be repurposed. Thanks to Conrad Boeck for all his work and for coordinating how to do all this without harming any sprinkler heads!! Councilman Gallagher came to see what all the excitement is about!

May I direct your attention to the matter of signs? El Dorado is privately owned and is not permitted to promote businesses for free. For this reason we are not permitted by our charter issued by the State of Texas to allow signs promoting businesses on our medians. Businesses are all encouraged to advertise in the Sunburst instead.

However, we DO allow garage sale/yard sale signs for residents who live in El Dorado. This is for the

health, morale and welfare of the neighborhood and is not a business. Please be a good neighbor and do not remove those signs (at least until after the garage sale/yard sale is over). Garage sales/yard sales require a permit that can be obtained from the city or from HEB.

Cellular on Patrol is for the safety and wellbeing of all residents in our neighborhood. You are needed! The San Antonio Police provide excellent and very interesting training. Please contact Margaret Timm at 210-657-2329 or Don Malik at 210-655-5453 for more information on how to get connected.

Excellent businesses in the area advertise with us. Please use their services and tell them you saw their ad in the Sunburst!

Let's keep our yards attractive, clear of debris and mowed neatly. Let's store items in the back yard or garage instead of in sight. Thank you for keeping El Dorado beautiful!

Remember to do your "HONEY DUES," your El Dorado membership dues. Did you know that homes associations get far better response from the city than people without any homes association? (- : See the back page for your registration form.

You are special! We appreciate you!
