## ***p*resident's Notes** By Reinette King

Merry Christmas, Happy Hanukkah, and Happy New Year, Good Neighbors!

I am so sorry that I gave the wrong name of our newest business on Camino Dorado in the last Sunburst. To correct that, I am very grateful to Nicole Thompson, Optician at **All Seeing Optical** for donating the Ray Ban sunglasses for our National Night Out raffle. She is a friendly, professional business owner very interested in helping the youth in our neighborhood community. Be sure to stop in and meet Nicole, whether or not you need glasses at this time. You will find her a very interesting, delightful friend!

KUDOS to Suzy Wayne, Carol Crawford, Gene Williams, James Patterson, Brian Nix and others who have been mowing the grassy areas around the lake. Many thanks to Danielle Cunningham, Josh Mann, John and Karen Easterling for organizing regular lake cleanups on the second Saturday of each month! I so enjoyed working at the lake in November! It was fun! The lake is looking so much better!!!

Have a very safe, healthy holiday! You are important and needed! YOU ARE LOVED!

God bless you richly and protect you!

Reinette King

**...WARNING...CARPORTS...WARNING...**

Before you go to the expense of building a carport, be aware that our neighborhood deed restrictions require any outbuilding (except a backyard greenhouse or metal storage building) to correspond in style and architecture to your home. It should be the same general materials, both walls and roof, as your home. Carports with metal pipe supports or plastic or cloth roofs, for example, do NOT qualify. Also, it must be located at least 20 feet from the front lot line and at least 10 feet from any side street line. So, although carports are currently allowed, these restrictions must be followed.

Hey-ho! What happened to fall? We went from 90 degrees to 30... But really, it's ok – less for us to rake up and clean up at the El Dorado lake! We had a handful of people turn out to the last clean up. Thanks to everyone who helped, we made a good dent in the clean up efforts! We sure could use some more help, especially once we've gotten everything cut and gathered. We will DEFINITELY need many hands to help haul branches to the edge of the clearing where the city can pick them up for us. Please send us an email if you'd like to volunteer for lake clean up or the final haul – any help is accepted and appreciated.

So – at our last lake clean up, we kicked around some ideas, see what you think: Aside from making the lake a nicer place to hang out in general, clearing out extra brush and trash, we thought that we would create a place for our whole community to get together and kick it; BBQ's/cook-outs, volleyball, lawn darts, potlucks, paddleboats, kayaks and canoes were some of the ideas floated, along with creating a community garden near the lake and also working out an irrigation system for the lake & garden – shoot, maybe we can even think about aquaponics – the possibilities are endless!

John Easterling, the lake chairman, had an idea to replace and restore the wood on the benches around the lake. Then, we took the

idea to another level – how about murals and artwork painted on the newly restored benches?!?!? Neighborhood artists can apply for a bench – alone or in groups – and we can create permanent art installations along the lake for everyone to enjoy – how cool is that!? Even more, the art classes / kids from El Dorado Elementary can sign up to create art on the benches, too. What a great way to bring our community together, beautify the lake, and showcase neighborhood talent. If you're new to the idea of murals, I invite you to check out San Anto Cultural Art's mural program. San Anto is an inner city art program my late friend Manny Castillo (RIP) created to get kids and community off the street and channel their energy and creativity in a positive way. Look at all of the beautiful work they've created on the west side here:

<http://www.sananto.org/mural-tour-registration.html>

Any input or ideas, feel free – this IS our community, and we're looking to make it a closer-knit one. What better way to connect people than through a little sweat, food, fun, and art? I'm looking forward to it! Peace and respect.

Your neighbor,

Danielle

Hello Neighbors,

I'm reaching out to all of you this month in hopes to rally the troops for the NorthEast Side Cleanup Group's new focus; The El Dorado Lake. We have teamed with EDHA members on a couple of occasions now to clean up the lake area. We have a vision to help return the Lake to its former glory; a place where we can come together as a community, a place where we can play, relax, exercise, and just enjoy the area. Some of the ideas we have come up with include: Neighborhood BBQ's, community gardens, volleyball, disk golf, and art installments (murals on the benches); anything that can create excitement for our community to get involved. As always, we welcome suggestions, but we encourage support.

We will meet every second Saturday of the month starting at 9am. For December that will be Saturday December 13<sup>th</sup>. We meet on the Linda Colonia side of the lake and split up from there. We have trash bags, water, work gloves and tools...the only thing missing are the bodies to make it happen. We realize this may seem like a daunting task, and know that it will take a continued effort; all we are asking for is an hour or two of your time each month to improve the neighborhood, increase property values, and make some new friends.

As always, if you have any questions please contact us via Facebook, our page or the EDHA page.

P.S. Fair warning; if we don't get the involvement we need, we will be going door-to-door...maybe we'll combine it with some caroling for the season.

Regards & Happy Holidays,  
Josh Mann
